RESIDENCY

Residency program to which you are applying:

STUDENT VISITING RESEARCHER

Student Visiting Researchers are degree candidates who at the time of application have fulfilled all preliminary requirements for a Master's degree and will be working on a thesis or final project under the direction of a faculty member at their own university.

JUNIOR VISITING SCHOLAR

Junior Visiting Scholars are degree candidates who at the time of application have fulfilled all preliminary requirements for a Ph.D. and will be working on a dissertation or final project under the direction of a faculty member at their own university.

SENIOR VISITING SCHOLAR

Senior Visiting Scholars are those who hold a doctorate or comparative degree or have established themselves in their field and wish to pursue their own research.

Residencies may be a duration of time between one week and three months, during the fall (September 1 - December 15) or spring (January 15 - May 1).

Please list your proposed dates of residency below, specifying your preferred dates and alternative dates.
